Potential Activities

These are the activities offered, however this will be tailored closer to our departure.

Please note: none of these are guaranteed.

Challenge

Challenges at Sayers Croft come in many shapes and sizes. We may ask children to negotiate over limited resources, developing tolerance for others, or complete logic and puzzle based tasks that encourage clear communication and cooperation to meet specific criteria. These sessions build self esteem in a positive learning environment.

Activities include team play, challenge course, ballista building, shelter building, the maze and blindfold trails.

Discovery

Just stepping outside at Sayers Croft children are surrounded by opportunities to discover the natural world. Through exploration and games, scientific and geographical concepts are given context. Sessions focus on building children's confidence in using scientific enquiry to develop, test and evaluate hypotheses.

Activities include pond dipping, river study, mini beasts, earth walks, nature explorers and full/half day off-site hikes.

Potential Activities
