What is Pupil Premium funding?

In 2011 the Government launched its Pupil Premium funding. The Pupil Premium is an amount of money allocated to children from low-income families who are currently known to be eligible for Free School Meals (FSM) or have been at any point in the past 6 years (known as the Ever 6 measure). This funding applies to pupils in both mainstream and non-mainstream settings and children who have been looked after continuously for more than six months.

Schools are free to spend the Pupil Premium as they see fit. However we will be held accountable for how we have used the additional funding to support pupils from low-income families. Since September 2012 we have been required to publish online information about how we have used the Premium. This will ensure that parents and others are made fully aware of the attainment of pupils covered by the Premium and the extra support that they receive.

How do we administer Pupil Premium funding?

Throughout the year, we ring-fence our Pupil Premium funding to ensure that it is spent on targeted pupils. Our school focuses on supporting our disadvantaged pupils to achieve and attain in line with their peers both in school and nationally. The school rigorously analyses data to identify pupils who are at risk of underachieving, particularly in English, Mathematics and Science.

We detail all the provision in place and track achievement data to evaluate the effectiveness of interventions and adjust accordingly. The school ensures that Senior Leaders have a clear overview of how this funding is spent, and expects teachers and teaching assistants to feedback with progress information, which in turn informs our school governors about Pupil Premium progress. Governors ensure that that they hold school leaders to account for raising standards.

As a school we draw upon evidence from our own and other’s experience to allocate the funding to the activities that were most likely to have an impact on improving achievement and life chances, considering how we can improve attainment and achievement, attendance and participation in the opportunities life at school brings.

Pupil Premium funding may also benefit pupils who are not eligible for funding for example when holistic whole school initiatives are put into place such as Home School Link Worker provision. Where non eligible pupils are benefitted this will be shown in the tables below.

The Pupil Premium allocation for the current academic year 2020/2021

In 2020/21, Riverbridge Primary School expects to receive £142,476 for Pupil Premium. Other funding will be added to this to ensure that we can support **all** of our most disadvantaged pupils.

141 pupil premium pupils are expected to benefit from this funding:

Nursery Year	13
Reception Year	15
Year 1	16
Year 2	20
Year 3	22
Year 4	20
Year 5	23
Year 6	12

Analysis of the impact of our interventions and initiatives for previous academic years has informed our planned allocations for the forthcoming year. From this analysis, the barriers to educational achievement that we will be focusing on are:

- Emotional well-being and emotional regulation.
- Engagement in school trips and residential trips.
- Attendance – persistent absence and lateness.
- Exposure to a wider range of extracurricular opportunities and experiences.
- Aspirations and understanding of the opportunities available.
- Language needs, both in relation to EAL and language development in EY.
- Parental engagement.
- Writing – all year groups.
- Greater understanding of multiple vulnerabilities and the diversity within the whole school community and how to support through Wave 1 provision and targeted support.
- Tracking children’s attainment and progress and staff awareness of prior attainment.

To counter these barriers we will use our Pupil Funding as follows:

Pupil Premium initiative to counter barrier	Cost	Why are we taking this approach?	How we will measure the impact of the initiative <i>For both pupil premium and non-eligible pupils</i>
